My Summer Holiday

It was a fantastic holiday ! I went to Barcelona, in Spain, with my grandmother and my cousin. We visited the Sagrada Familia, Gaudi's house and we did some shopping. We slept in a hotel near Barcelona, and every day, we went to Barcelona by train. The hotel was near the beach, so we swam in the sea every evening because it was 36°C ! It was amazing !

Next, we went to France, to Ardèche, with my parents and my brother by car. We had to sleep in a tent without water ! It was hot and we walked in the hood for two hours ! We met a very nice family who lived alone in the mountains. It was an unbelievable vacation ! I will never forget them !
